Rio Karma Description
(from DNNA website)

Who's It For?

A dream come true for audiophiles and techno-geeks, the Rio Karma packs more audio formats, longer battery life and incredible storage into one small design. It's like taking a local record store and putting it into your pocket. If you love music, you'll love Karma.

Key Features

- 20GB drive can store 10,000 songs**
- 15-hour rechargeable LiIon battery
- Ogg Vorbis and FLAC Support
- USB 2.0 for Fast Transfers
- Huge backlit display with visualizations
- Docking Station with RCA Line-out and Ethernet Connectivity

Product Details

The Karma's many features and small size set a new standard for high-capacity players. Its 20GB* drive can carry over 10,000 songs**. Powerful tools include Cross-Fader, 5-Band Parametric Equalizer, Ogg Vorbis and FLAC support, and a huge, backlit display capable of visualizations, animated menus, and 16 shades of gray. USB 2.0 provides fast transfers while the included docking station also adds drop-in charging, RCA Line-Out, and an Ethernet port for networking. Simple menus and intuitive controls make it easy to pick up and use. Helpful functions like Auto-synchronization with Rio Music Manager, Rio DJ, and dynamic playlist generation make the Karma as effortless as you want it to be.

*1 GB equals 1,000,000,000 bytes
**660 hours of WMA or 330 hours of MP3 music (over 10,000 WMA or 5,000 MP3 songs)
